

# Borates HSEQ Initial Alert

Incident Number: 1000522054

**Incident:** Water truck caught fire  
**Preliminary Classification:** Significant Incident (SI)

**Operation / Project:** Boron (RTB)

**Location:** Pit Area

**Date:** 6/06/2019

**Time:** 2:30 pm

**Contact:** Joe Pettigrew (Joe.pettigrew@riotinto.com)

## What happened:

At approximately 2.30pm on June 6<sup>th</sup> a 777 Water truck caught fire whilst operating in the Boron pit. The water truck was travelling up a ramp when a nearby haul truck operator noticed flames. The Haul truck operator directed the Water truck driver to back into the berm and dismount. The fire suppression system was engaged while exiting the cab. The driver was able to safely dismount without injury. An investigation will commence and learnings will be shared.

## Preliminary findings:

- Environment: Day Time, hot and windy.
- Equipment: Pending investigation
- People: Pending investigation

## Initial learnings:

- Environment: Pending investigation
- Equipment: Pending investigation
- People: Pending investigation
